

Hampton Doors

ALUMINIUM

Experience the timeless elegance of Hamptons-style doors with a contemporary twist. Crafted entirely from durable, powder-coated aluminium, these doors are designed to meet BAL ratings, making them ideal for the Australian climate. Unlike traditional timber, our aluminium Hamptons doors are maintenance-free and resistant to common issues such as splitting, cracking, and expansion—offering both style and strength that lasts.

Standard Features

- **Custom Aluminium Frames:** Panels are fitted to our custom PGDM aluminium frames and extrusions, ensuring a stronger and neater door finish. Plus all cladding is external.
- **Panel Bracing:** Additional bracing in the bottom panel for doors over 5000mm prevents sagging or “smiling.”
- **High-Quality Hardware:** Premium hinges and hardware are used for all doors.
- **Proudly Australian Made:** Designed and manufactured locally for guaranteed quality.
- **Custom Colour:** Choose your powder coat colour from the Dulux “Duralloy” range of colours.

Optional Extras

- **Custom Frame Colours:** Choose your preferred powder-coated finish for a tailored look.
- **Panel and Window Layouts:** Select from our designs or create your own custom layout.
- **Design Features:** Limitless design layout and style options suited to your vision.
