

Batten Doors

VERTICAL

Versatile and stylish, our vertical aluminium batten door is a customer favourite. With endless possibilities in material and colour selection, this door can complement any architectural style. Plus, with minimal maintenance required, it's an effortless choice for homeowners and builders alike.

Customisable Style Options

- **Timber-Look Aluminium Battens:** Choose from Knotwood or Decowood for a natural timber appearance.
- **Powder-Coated Aluminium Battens:** Select from a variety of colours to match your project.
- **Fire-Rated Options (BAL19 or BAL29):** Upgraded with a prefinished 2mm aluminium plate backing to meet fire safety standards.
- **Open Batten Design (No Backing):** Battens are mounted directly onto the frame, providing airflow.
- **Custom Frames, Hardware & Reinforcing Struts:** Powder-coated in your preferred colour for a cohesive look.
- **Custom Colour Backing Sheets:** Built with 2mm aluminium plates, powder-coated before batten installation.
- **Flush Fit Design:** Achieve a seamless finish with a matching head panel.
- **Matching Cladding:** Extend the aesthetic with cladding that integrates seamlessly with surrounding walls.
